BIG YIELD OF CORN

Totals 3,199,120,000 Bushels—Seventy-Five Million Bushels Over Previous High Point

Washington, D. C., Nov. 9.—American farmers broke production records of five crops this year. Preliminary estimates announced today by the Department of Agriculture show the corn, tobacco, rice, sweet potatoes and pea crops surpassed in size those of any previous year in the country's history.

In addition, very large crops were grown, in some instances closely approaching records, of oats, barley, rye potatoes, apples and hay. The buckwheat production record, however, has stood since 1866 with this year's crop more than 8,000,000 bushels under it Final crop production figures will be announced next month.

Corn, king of all crops and of which the United States grows more than 70 per cent. of the world's output, reached the enormous total of 3,199,126,000 bushels. That is 75,000,000 bushels more than ever before grown in any year. This is the third corn crop to exceed 3,000,000,000 bushels, the previous record having been made in 1912, while the crop of 1917 was the second largest.

In point of value this year's corn crop will not equal that of last year, based on the December 1 price, which was $1.33 a bushel, it was worth $3,934,234,000. The crop of 1912 was valued at $1,520,454,000 on the December 1 price of 48.7 cents a bushel, and the 1917 crop at $3,920,228,000 with the December price almost $1.80 a bushel.

The value of this year's crop, based on the November 1 farm price, which was 87.3 cents a bushel, is estimated at $2,792,837,000.

Iowa's corn crop is the largest of any State at 441,660,000 bushels; Illion's ranks second with 302,634.000 bushels, and Nebraska third at 250,998,000 bushels.

The tobacco crop this year, placed at 1,476,444,000 pounds by the preliminary estimate is 87,000,000 pounds more than grown last year, when all previous records were broken. Virginia, North Carolina and South Carolina exceed their last year's production, while Kentucky's crop this year is 36,000,000 pounds less than a year ago.

Production of rice this year exceeds by 12,000,000 bushels the previous largest crop in 1917. The output this year is placed at 52,298,000 bushels, almost half of which was grown in Louisiana.

The sweet potato harvest will show 105,676,000 bushels, which is 2,000,000 bushels more than grown last year, when the crop exceeded all previous years' production. Alabama out put is larger than any other State's.

The crop of pears this year is placed at 15,558,000 bushels. The previous largest crop was that of 1917, when 13,281,000 bushels were produced. California produced more than 3,000,000 bushels, while New York's production is almost 2,250,000 bushels.

A month ago the corn crop was forecast at 3,216,192,000 bushels, while last year's production was 2,917,450,000 bushels, of which 142,211,000 bushels or 4.9 per cent. of the crop, remained on farms November 1 this year, today's report announced, compared with 69,835,000 bushels a year ago and 82,618,000 bushels the average of the preceding five years.

Preliminary estimates of this year's production of wheat, oats, barley, rye, hay, rice and peaches were announced last month.

Volstead Act Gets Blow

Supreme Court Decision Relating to Transportation of Liquor Dazes Enforcement Officers

Wash., D. C., Nov. 9.—Storage of lawfully acquired liquors in commercial warehouses and transportation of such stocks to the home of the owner is not prohibited by the Volstead act, under a decision handed down yesterday by the Supreme Court

In passing upon the appeal of William G. Street, of New York, from decisions of lower Courts, refusing to enjoin internal revenue officials from seizing liquors he had placed in a room rented from a safe deposit company, the Supreme Court reversed the lower Courts and held that the injunctions should be granted.

The effect of this ruling had not been fully appraised last night by internal revenue and prohibition enforcement officials. The belief was expressed, however, that the result might be the release of some 10,000,000 gallons of intoxicating beverages which have been stored in warehouses since January 16, 1920.

Records on file show that, in addition to immense quantities of liquors purchased and stored by individual consumers, there were in storage when the Volstead act became effective large stocks held by hotels and restaurants as reserves. Whether these after stocks come within yesterday's ruling has not been determined. It was anticipated that test cases would be filed soon on this and similar questions arising from the undetermined scope of the new interpretation of the Volstead act.

SPEND $1000 A DAY IT GAY PARTIES

Men Who Killed and Robbed Bank Messenger Have Wild Orgy

MAKE BIG SPLURGE

Two Men Confess to Throwing Paul's Body Into Creek—Afterward Buried In Shallow Grave and Recovered

Camden, N. J., Nov. 9.—More than $5,000 was spent in five days for gay nights in Philadelphia by Raymond W. Schuck and Frank J. James after they killed and robbed David S. Paul, Camden bank messenger, according to Prosecutor Wolverton, of Camden county, who last night made public additional details of the alleged confessions of the two men.

Wolverton announced that $4,600 of the $40,000 in cash stolen from Paul was found yesterday in a book case at James' home in this city. The remainder, more than $30,000 was buried in two packages at the head and foot of the grave of Schuck's mother, and has been recovered, the Prosecutor said.

Schuck, according to the alleged confession, buried the money in Evergreen Cemetery on October 11, six days after he and James, riding with Paul in a motorcar in Camden, killed the aged messenger in order to make a better financial showing among their friends.

Prosecutor Wolverton said James and Schuck, who are locked up in the Burlington county jail, would be brought to trial in Camden, as it had been established that all the blows which killed the messenger had been struck in this county. The men probably will be removed to the Camden prison tomorrow, he added. Both prisoners are married. James, who is 37 years old, was a motor car salesman. Schuck is 32 and was supervisor for a telephone company here.

The alleged confessions were identical on most all important points, the officials say. Schuck, however, disclaims responsibility for the actual slaying of Paul, declaring he was forced into the plot by James, who, Schuck says, according to the police, beat Paul to death. James, in his confession, is quoted as saying that each plotted and planned the killing and robbery long before they executed it.

Schuck is alleged to have stated that James, after killing the messenger, also forced him at the point of a pistol to drive to Tabernacle, where the body was thrown into a creek. Two days later, Schuck declared, according to the police that James compelled him to make another trip to the Jersey pine belt, when the body was dragged from the stream and buried in a shallow grave deep in the forest, where it was found by hunters on October 16.

Schuck and James, Prosecutor Wolverton said last night, had a bungalow at Clementon, N. J., known as "Lollypop Cottage," where they were in the habit of entertaining parties of men and women. As these parties grew larger and more expensive, he added, they found it necessary to provide themselves with more money and accordingly, planned the slaying and robbery of Paul, with whom both were well acquainted. The night of the killing, the Prosecutor declared, the two men had a gay party with a number of women in Philadelphia.

"The next day they met several other women," said Wolverton, "and for five days they were with girls in Philadelphia drinking and spending money lavishly."

THE FRONT PORCH'S VICTORY

One of the several interesting results of the Presidential election is the apparent vindication of the front porch. Although Senator Harding, urged by needless fear, made a few flying trips into the neighboring hinterland, he was essentially the front porch candidate, and he won. In this way, he was the champion of normalcy.

Looking back over a period of close upon half a century, we find that Grant did little traveling of any sort until after he had been President. His famous trip around the world was postponed until he had practically, so far as was possible for so distinguished a person, the status of private citizenship. Between the exit of Grant and the entrance of Cleveland there was comparatively little barnstorming in Presidential years. Cleveland was a good deal of a recluse, speaking only occasionally at important banquets. He certainly made no elaborate attempt to plead his own cause before popular audiences.

The most defeated man in American politics in the last 50 years has been our most confirmed oratorical gadabout. Before the Boy Orator of the Platte leaped into the limelight in 1896 this country had not even dreamed of the possibilities of speech making as those possibilities have since been developed. Bryan, accompanied by his Cross of Gold and Crown of Thorns, stirred up the country from one end to the other. Barnstorming, as he practiced it, was something almost volcanic, and it nearly shook us from our moorings; nearly, but not quite, and, having failed in the first outset, it never again reached so near to success. There isn't the slightest doubt that the people long since came to the conclusion that Bryan talks too much.

Senator Harding has more reasons than most of his predecessors to take heed of the public aversion for an oratorical President.

Chicago Eight-Cent Fare to Stand.

Chicago, Nov. 9.—The Public Utilities Commission yesterday sustained the 8 cent carfare in Chicago and made it permanent. Valuation of the surface lines was fixed at $159,113,114. The city fought the 8 cent rate and insisted the franchise rate of 5 cents be restored.

WOMAN CREMATES HERSELF

Planned to Burn Her Baby Alive, But Older Child Saved t.

Rochester, N. Y., Nov. 9.—Mrs. Louise A. Stout, 27, burned herself to death at her home here yesterday by leaping upon a burning mattress and pillows which she had just saturated with kerosene and ignited.

As she set fire to the mattress she called her 7 year old daughter to bring the baby so that she could "baptize" it. The little girl rushed outdoors with the baby and called the neighbors.

DEVELOPMENTS IN BASEBALL SITUATION

Eight National League Clubs and three insurgents of the American League decide to disrupt the two old major leagues and form a new 12 club circuit to be known as the New National League, the twelfth club to be selected later.

The five remaining clubs in the American League accept challenge to new baseball war and anounce that their circuit will be continued with new clubs in New York, Boston and Chicago.

The New National League offers Judge Kenesaw M. Landis the chairmanship of the new civilian board of control for seven years at a salary of $50,000 a year. The other two members will be selected later, one of whom will be a representative of the minor leagues.

Baltimore's chance of gaining a berth in either of the rival leagues was given a blow by the announcement from both sides that minor league territory would not be invaded in selecting cities to complete the circuits.

Minor league magnates gathering in Kansas City announced they would refuse to accept the Lasker plan, thus putting themselves in alliance with Ban Johnson and the American League. Their position, however, was made known before it was announced that they would be given representation on the new commission.

Democrats Now Planning To Launch 1924 Campaign!

Marietta, O., Nov. 9.—With the recapture of the national administration in 1924 as its goal, the Democratic party's campaign will be launched immediately on an extensive scale. This was the declaration today of George White, chairman of the Democratic National Committee.

"I am as firm a believer in the league of nations as ever," he said, and I predict that the Republicans must pass or attempt to pass some international agreement along lines set forth by President Wilson in order to stabilize international exchange and preserve prosperity."

White characterized the Republican landslide as an expression of discontent "marshalled under perfect organization and backed by the largest campaign fund ever established."

White returned to his home here Sunday and will leave on Thursday for a two weeks hunting trip in southeast Oklahoma and the Ozark Hills. Immediately upon his return he will go to Washington and appoint the Democratic National Executive Committee which will have charge of the intensive campaign to be maintained during the next four years.

Hearst Reporter Slain By Mysterious Stranger

Danbury, Conn., Nov. 9.—Shot down by one of two strangers on a lonely road in Newton early yesterday morning Arthur V. Donahue, 28 years old, a reporter for the New York American, died in the Danbury Hospital.

Donahue's brother-in-law, Edward S. Fitzsehler, of Newtown, told the authorities that he and the reporter spent last night in the village, and about midnight started for Pitzscheler's home, several miles down the State road leading to Bridgeport. They came to an unoccupied touring car and called for the owner. Receiving no answer, Donahue cranked up the car and was driving it toward a light when the shooting occurred, the two men coming from a field.

ARNSTEIN WINS FIRST VICTORY IN LEGAL FIGHT

Jules W. ("Nicky") Arnstein, alleged "master mind" behind the $5,000,000 New York bond thefts, scored the first victory in his legal battle yesterday, when the United States Supreme Court returned an opinion declaring that his failure to reply to interrogations put to him in New York were not in contempt.

Technically Arnstein is no longer a prisoner. In New York he furnished $100,000 in Liberty bonds as security against his appearance for trial on the original charge in connection with the bond robberies.

This morning the preliminaries of actual prosecution will take place when Arnstein comes up before Justice Ashley M. Gould in Criminal Division No. 1, of the District Supreme Court. The specific charge is conspiracy, to bring stolen bonds in to the District.

Arnstein was scheduled to appear in Judge Gould's court yesterday morning, but a deferral was necessitated by related action on the part of the United States Supreme Court. Arnstein came before the highest tribunal on appeal in the contempt in the Federal District Court of New York.

After announcement of the Supreme Court's decision sustaining the appellant, Eugene McGee, his counsel, was informed by District Attorney John E. Laskey that his client could assure his freedom from jail during the conspiracy trial by posting $5,000 cash bail. This, it is fully expected, Arnstein or counsel will do on the appearance before Judge Gould at 10 o'clock this morning.

Arnsetin is technically in custody of Deputy Marshal Dempsey, of the Southern District of New York.

CLASSY LONDON DAMES PREFER PIPES TO TEAS

Saskatoon, Sas., Nov. 9.—Crash! Picture the tea china hitting the ash can.

Sera-a-a-atch! The lighting of a match to be passed around the circle at the Thursday afternoon club as the ladies puff at their meerschaums, briars and dudeens.

Miss Gladys Boughton conjured up the picture here by reporting that the best bred and most fashionable women of London had graduated from cigarettes and are feministly tackling the "hod." The soothing habit is displacing afternoon tea, she said.

"The advanced smokers retain their feminity," Miss Broughton said, "and display their love of the beautiful by using pipes that are artistic creations. The crude and ugly shapes pleasing to the male are replaced by delicately fashioned and daintily curved stems and bowls."

Pottsville, Pa., Nov. 8.—The town of Orwin, in the western end of Schuylkill county, has been awarded the prize as the banner Republican town of the coal region, if not of the entire state. Of 162 votes cast last Tuesday, all were for Harding, except one. Who the one man was refused to make it unanimous is not known, but the Democrats say they will give the lone Cox voter a medal if he will admit it.

500 U. S. SOLDIER DEAD TO REMAIN IN ENGLAND

Washington, Nov. 9.—Over 500 families in the United States have requested that their soldier dead remain permanently interred in England, the country in which they died during the World War. The remains of all others of the American dead in Great Britain already have been returned to the United States by the army, according to a statement from the War Department today.

The Secretary of War has given orders for the remainder of the American dead in England to be concentrated in a cemetery in the vicinity of London, which will be under the perpetual care and control of the United States Government, the British authorities having signified their assent to this proposal. The American dead in Great Britain have been heretofore buried in 93 places.

The War Department will correspond with each of the families directly concerned, laying before them alternative propositions, either to give their approval to the departmental policy of concentration or, in the event of their preference that their dead shall remain undisturbed where they now lie, in local British cemeteries, that the relatives shall formally release the Government from the future care of the graves.

TYPHOID FEVER EPIDEMIC RAGES UNCHECKED IN OHIO

Salem, Ohio, Nov. 9.—State aid was ordered by Governor Cox yesterday in the fight against the typhoid epidemic here. More than 1,000 cases, approximately one-seventh of the population of Salem, were reported in hospitals and homes. One death occurred Saturday.

Surgeon General Cummings yesterday sent a representative of the Public Health Service to Salem, Ohio, where a typhoid epidemic is raging, to investigate conditions and initiate relief measures. This action was taken on request of the Ohio health commissioner.

BOSTON TO BE "DEVAMPED"

Policewomen Will Chase Flirts From the Common

Boston, Nov. 9.—Flirting on Boston Common will become a dangerous practice after February 1, when plans announced by Mayor Peters yesterday for the appointment of the city's first women police goes in to effect.

The mayor said he had consulted with Police Commissioner Curtis regarding means of ridding the Common of some of the "vamps" of both sexes who have made it a hunting ground, and that as a result eight women would be selected from the civil service lists for appointment to police duty there. Their pay, like that of the men, will be $1,400 to start.

CALLS ON ARMY FOR TENTS

Los Angeles, Nov. 9.—Loan of 5,000 army tents to be used by the city of Los Angeles as temporary dwellings was asked of Secretary Baker by the city council in a resolution adopted yesterday.

The resolution declared "a state of emergency" existed in the housing situation.

NEW CLAUSES TO HOME RULE NULLIFY BILL, IRISH SAY

London, Nov. 9.—The Irish Home Rule Bill passed through nearly the final stage in the House of Commons last night with two new clauses added by the Government, which, in the opinion of Irish and Liberal politicians, render the measure practically dead.

These clauses, which provide for second chambers and the dissolution of the parliaments, should they not be properly constituted, were carried, after being severely criticized by former Premier Asquith and others as tending to reduce Ireland to the condition of a backward Crown colony, by ample majorities in a small house, showing the slight interest now manifested in the bill.

The measure has to run the gauntlet of the House of Lords, where according to rumors current in the coalition newspapers, an attempt will be made to cut the six Ulster counties completely out of the bill, leaving them to be administered as at present from Westminster.

Dublin, Nov. 9.—Denis Morgan, chairman of the Thurles Town Council, and John Derham, father of the chairman of the Balbriggan Council, have received passports from the Foreign Office in London which will permit them to proceed to the United States to give testimony on the sacking of their respective towns before the American Commission on Ireland, which is to begin its sessions in Washington November 17.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

WILSON GIVES NO SIGN OF RESUBMITTING TREATY

Washington, Nov. 9.—No evidence is obtainable in Washington to indicate that President Wilson, following the result of the elections, contemplates taking any immediate steps respecting the Treaty of Versailles or the covenant of the League of Nations.

Inquiries at the State Department today developed that the official copy of the treaty, with the League Covenant, as returned to the President by resolution of the Senate, after that body's rejection of it last March, is at the White House under the personal control of President Wilson. From no official quarter could it be learned that anything would be done in the matter before the new Republican Administration takes control at Washington.

It was also learned at the State Department that no communication had been received from any European Government respecting possible revision or amendment of the covenant or the treaty. The department does not expect that any official steps in that direction will be initiated by foreign powers during President Wilson's tenure of office.

American Freight Ships Lead As Cargo Carries in October

Washington, Nov. 9.—Figures from the United States Shipping Board show that the American Merchant Marine is leading foreign competition in the number of cargo-laden ships that have come into ports of this country within the last month.

Out of a total of 482 vessels that have entered American ports, 245 were under the American flag and 237 under foreign ensigns. No fewer than 158 American ships brought cargo and only 78 came in ballast, as against 100 foreign ships with cargo and 121 in ballast.

The American ships brought 347,462 cargo tons, but the foreigners brought only 174,844 cargo tons, the American cargo load being almost twice as much.

There were 127 American arrivals in North Atlantic ports, with 194,944 cargo tons in 76 ships. Only 44 American ships came in with ballast. There were 173 foreign arrivals at the North Atlantic ports, of which 73 ships carried 118,511 cargo tons and 73 ships carried ballast.

The Test of a Phonograpn Is WHAT?

The test of a pudding is in the eating thereof." What is the test of a phonograph?

The test of a phonograph is its tone: How nearly does it come to perfectly reproducing the voice of the singer or the tone of the musical instrument it is supposed to reproduce?

We and the manufacturers claim that the Pathe Phonograph in conjunction with Pathe Records, meet this test better than any other Talking Machine and Records made. That the tone they jointly produce is more like the original, that it is more natural and life like than that which is produced by any other Talking Machine and Records—and the purpose of this sale is to give the people of Alexandria and vicinity an opportunity to verify this statement by making tests for themselves.

This sale is to substantiate our claim. To make our claim a living, burning truth, as far as this store is concerned. And it is for this reason—to demonstrate these facts that $25 worth of genuine Pathe Records, your own selection, are included in this Demonstration Sale, for which there is absolutely no charge whatsoever.

The phonographs and the records are here to prove themselves. They speak for themselves. They are their own best advertisements. And our invitation is as wide and cordial as it can be. For we want you to hear these instruments, although we have only a few of the original left to dispose of under the conditions of this sale. Come in tomorrow.

PAPE'S DIAPEPSIN

TAFT MAY SUCCEED CHIEF JUSTICE WHOM HE APPOINTED

Former President William H. Taft was mentioned yesterday as a probable successor to Edward D. White, Chief Justice of the United States Supreme Court, who is 75 years of age and who, it is reported, wants to retire.

Justice White was appointed to the Supreme Bench in 1894 and, though a Democrat, was made Chief Justice by President Taft in 1910.

GIANT GUARDS ACTRESS

Charged With Beating Process Server Seeking Film Star

New York, Nov. 9.—Edward Rother, a process server, told Magistrate Cobb yesterday that he had been severely beaten by a giant body guard of Clara Kimball Young, screen beauty, last Friday, when he attempted to serve a summons upon her at her rooms in the Commodore Hotel in a $25,000 civil action which he said the Harriman National Bank had brought on a promissory note.

Rother said that when a warrant officer and he called at the hotel yesterday with both the original summons and a summons complaint, issued against her unknown protector for alleged assault, Miss Young refused to be seen, a nurse saying that the actress was confined to her bed from shock following the Friday encounter.

Magistrate Cobb adjourned hearing until November 15.

THREAT TO BOMB APARTMENT

Home of George Vanderbilt And Elihu Root Guarded

New York, Nov. 9.—Police last night guarded the apartment house at Fifth avenue and Eighty-first street in which Mr. and Mrs. George Vanderbilt, Elihu Root and other prominent families live as the result of a bomb threat telephoned by an unidentified woman late yesterday.

The telephone call was received by the apartment house telephone operator, who told police the woman inquired if Mr. and Mrs. Vanderbilt were home, and when told they were not, said it was "a good thing" because they would have no home when they returned, as "we are going to blow up the building tonight."

U. S. SUB CHASER CAPTURES CANADIAN WHISKY RUNNER

Ashland, Wis., Nov. 9.—A United States submarine chaser, in the lists against whisky runners plying their trade between the Canadian side of Lake Superior and the American shore, yesterday seized a fast motorboat carrying 20 cases of whisky and arrested the owner.

The Government boat carries a crew of 15 and is armed with long range guns. She was sent here to stop the smuggling of whisky to the Bad River Indian Reservation.

RHEUMATISM
Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this country is authorized to say to every rheumatic sufferer that if two bottles of Allenrhu, the sure conquerer of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenrhu, who for many years suffered the torments of acute rhematism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenrhu decisively conquers this worst of all diseases, and he has instructed all druggists to guarantee it in every instance.

MANY STOCKS TOUCH LOW MARK FOR YEAR

New York, Nov. 9.—A wave of liquidation and professional selling swept over the stock market yesterday, favorite shares adding two to seven points to recent steady declines and carrying some two-score industrials and special issues, including former "war brides," down to lowest prices of the year.

Yesterday's upheaval was precipitated by various adverse developments, notably the continued stringency of money, another and more alarming slump in foreign exchange and further infallible indications of countrywide contraction of trade and industry, these being accompanied in some instances by reduced wages.
